Subject: RE: Area 40 FS comments

Hi, Chris. I'll be on site travel, leave, and training from this afternoon through Weds 11 Apr. I'll be back in the office on 12 and 13 April.

We have been set back a bit responding to the latest Congressional inquiry on Area 40. Nonetheless I have been meeting with my site team on the FS review and assembling comments as quickly as possible. I'll be able to get you most EPA comments by the end of this week.

Attorneys & PMs from EPA, WB, and DTSC have a conference call planned on 13 April to discuss ARARs in the FS. It would be helpful to get a revised ARAR list from AR prior to that meeting that we could discuss during the meeting. Larry and I met this morning on this. I'll follow up with an email to you requesting an ARAR table revision, and cc the State. My counsel's position is that Area 40 is a CERCLA-compliant cleanup, and we must have one set of agency-agreed upon ARARs in the FS, that carries through to the RAP and ROD. More soon on this—I can assure you we are working on it.

Hi Lynn – I know you are out of the office starting tomorrow afternoon, so I wanted to check on status of EPA sending FS/RAP comments this week. Thanks, Chris
